

## JOB DESCRIPTION

We want to attract and retain the best talent in the industry. To meet this goal, we are creating a workplace where our employees are top priority;

### **Feel The Energy Of...**

**Our Assets** – Our current basins consistently see excellent results. With the addition of key acquisitions, our growth projections are extremely strong. We will remain committed to improving the quality, safety and performance of our assets.

**Our Performance** – We continue to demonstrate leadership in the mid-stream marketplace. We were ranked # 1 and #2 in "Customer Satisfaction" in the Energy Point Research, Inc. Natural Gas Midstream Services Customer Satisfaction Survey for 2006 and 2009, respectively.

**Our People** – Here at MarkWest, we believe our continued success depends on the quality of our employees. We believe strongly that employee satisfaction leads to customer satisfaction.

Come join our team as our **Project Engineer** at our Tulsa, OK location. This position reports to the Director of Engineering.

### **POSITION SUMMARY:**

This position's primary focus is to conceptualize, design, coordinate and manage through start-up, the construction of midstream natural gas facilities including pipelines, compressor stations, gas plants and other related facilities. All work will be performed in compliance with company standards, procedures, and government requirements.

### **ESSENTIAL DUTIES/RESPONSIBILITIES:**

- Works closely with draftsmen, pipe designers, and engineers to develop accurate and concise P&ID, PFD, cause/effect and other drawings as required by the project. Reviews and approves all drawings up through construction.
- Must be able to develop project scopes, estimate project costs, and prepare funding requests.
- Must be proficient in developing project budgets and controlling costs.
- Must be able to prepare bid requests and evaluate such based on sound engineering and business principles.

- Must be able to handle assignments and projects with minimal supervision and complete within acceptable time standards.
- Must be capable of providing equipment specifications per MarkWest standards and procure appropriate materials for projects.
- Must have broad knowledge of natural gas processing and operations.

### **SUPERVISORY DUTIES:**

No

### **JOB QUALIFICATIONS:**

- This position requires a degree in Engineering from a 4 year accredited college or university, plus 7-10 years experience.
- Current valid driver's license required.
- A Professional Engineering License is preferred.
- Must have excellent verbal and written communication skills with the ability to communicate effectively with all levels of individuals/employees.

### **WORK ENVIRONMENT:**

Position will be located in an office environment with travel to field locations.

Interested and qualified candidates should contact us immediately to be considered for this terrific opportunity. Please send your resume to [employment@markwest.com](mailto:employment@markwest.com).
